

Educational FOUNDATION

The WICPA Educational Foundation

thanks YOU

for your participation
in supporting
tomorrow's CPAs.

Through your contributions, the Foundation has been able to promote accounting careers throughout the state by granting scholarships, accounting awareness grants to high schools, speed networking events at colleges, financial literacy programs, supporting the YES Program, and a new student ambassador program.

A contribution to the Foundation sends a clear message that you believe in the future of the accounting profession. **We appreciate your commitment to the profession and thank you for your support.**
